

**A \$10,000 INVESTMENT: YOUR RETURNS WITH GOLD AND STOCKS**

Had you invested \$10,000 in gold bullion in 1999, your initial investment would have grown to \$33,754 by December 31, 2008. That is an amazing 237.54% increase!

That same \$10,000 investment in stocks of the S&P index would have lost \$3,987. That's a 39.87% loss.
